## DETAILED ACTION

### ***Election/Restrictions***

1. Applicant's election with traverse of Group I (claims 1-29, 53-81 and 106-132) in the reply filed on 2/9/2005 is acknowledged. The traversal is on the ground(s) that (there is no ground). This is not found persuasive because the applicant fails to reason as to why the restriction is not proper.

The requirement is still deemed proper and is therefore made FINAL.

Pending claims are 1-154. Claims 30-52, 82-105, 133-154 are withdrawn from consideration.

### ***Information Disclosure Statement***

2. The information disclosure statements (IDS) submitted 2/10/2005; 8/14/2003; 5/01/2002 are in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

the claimed invention in claims 106-132 are directed to non-statutory subject matter.

For Example claim 106 recites a computer software program product executable on a computer device and capable of modeling a dye....

MPEP 2106 (IV) (B) (1) (a): "computer programs claimed as computer listings per se, i.e., the descriptions or expressions of the programs, are not physical 'things.'...In contrast, a claimed computer-readable medium encoded with a computer program is a computer element which defines structural and

functional interrelationships between the computer program and the rest of the computer which permit the computer program's functionality to be realized, and is thus statutory." The program is a computer listing per se and nonstatutory.

***Allowable Subject Matter***
